

## **Elite Program High-School Schedule 2018**

### **We Meet Mondays, Wednesdays and Thursdays**

The Elite program is designed to help juniors play better golf!! We focus on the areas of scoring such as how to practice the right way, pre shot routines, how to play practice rounds, and how to actually score on the golf course. We spend 80% of our time on the golf course learning how to score better. This program focuses more on scoring and playing and less on individual golf swings!!
